

Medeco DuraCam

The Medeco® DuraCam II series of cam locks with the removable core function is the ultimate security solution for the gaming industry. Designed specifically to meet the rigorous demands of slot collections and service, DuraCam removable core provides one of the strongest keys in the industry with a quick change plug, to keep your equipment up and running.

No other lock manufacturer in gaming can compare with Medeco's 30 year history of security and reliability. The strongest key, removable core, combined with patented key programs that prevent the unauthorized duplication of keys make Medeco® the obvious choice for gaming professionals. Keyed alike or different, the Medeco® DuraCam series cam locks offer a complete line of sizes and functions to meet your specific gaming needs.

Medeco's unique elevate and rotate pin tumbler design provides double locking action, making cylinders virtually pick proof. All Medeco® Biaxial® keys and cylinders are protected under patent, trademark, and copyright laws. Biaxial keys may only be duplicated by Medeco® or by an authorized Medeco® Service Center, and only at your request.

Benefits:
